Subject: Providing Internship/ M.Tech Project to M.Tech Students of AICTE approved Technical Institutes- reg.

Dear Sir/Madam,

All India Council for Technical Education (AICTE) and Ministry of Micro, Small and Medium Enterprises (MSME) has signed a Memorandum of Understanding (MoU) for involving P.G. Students of Technical Institutes with Small and Medium Enterprises (MSMEs). The main objective of the scheme is to provide hands on engagement and practical experience to the students on existing technical challenges in industry and nurturing an innovation ecosystem that benefits both the industries as well as technical institutes.

To take it further, Ministry of Micro Small and Medium Enterprises has taken willingness from various MSME Units through MSME Technology Centres (TCs) and Development Institute (DIs). While sending the list of MSME units willing to accept students for internship, the AICTE has already addressed various institutes to place M.Tech students in the units suitable to their discipline and other needs.

In this reference, you are requested to sensitize the Directors/Principals of the Polytechnics of your state and help us in moving forward in this direction bearing in mind the larger interest of the student's community by making them job-ready and take up assignments appropriate to their field and contribute in the larger goal of *Make In India* and accelerated advancement of our country.

With Warm Regards,

Yours Sincerely,

(Prof. M.P. Poonia)
